Online Safety Policy

Our nursery is aware of the growth of internet use and the advantages this can bring. However, it is also aware of the dangers and strives to support children, staff and families in using the internet safely.

Within the nursery we aim to keep children (and staff) safe online by:

- Ensuring we have appropriate antivirus and anti-spyware software on all devices and update them regularly
- Ensuring content blockers and filters are on all our devices, e.g. computers, laptops and any mobile devices
- Keeping passwords safe and secure, not sharing or writing these down. These will be changed at least every term to keep the devices secure
- Ensure management monitor all internet activities in the setting
- Locking away all nursery devices at the end of the day
- Management reviewing all apps or games downloaded to tablets to ensure all are age appropriate for children and safeguard the children and staff
- Using approved devices to record/photograph in the setting
- Reporting emails with inappropriate content to the internet watch foundation (IWF www.iwf.org.uk)
- Ensuring children are supervised when using internet devices
- Not permitting visitors access to the nursery Wi-Fi
- Integrating online safety into nursery daily practice by discussing computer usage 'rules' deciding together what is safe and what is not safe to do online

- Talking to children about ‘stranger danger’ and deciding who is a stranger and who is not, comparing people in real life situations to online ‘friends’
- Provide training for staff who need this to keep children safe online. We encourage staff and families to complete a online safety briefing which can be found at <https://moodle.ndna.org.uk>
- We abide by an acceptable use policy, ensuring staff only use the work IT equipment for matters relating to the children and their education and care. No personal use will be tolerated
- Children’s screen time is monitored to ensure they remain safe online and have access to material that promotes their development. We will ensure that their screen time is within an acceptable level and is integrated within their programme of learning.

Addendum COVID 19

We will continue to follow our online safety policy.

Where we are still using online platforms, such as Zoom, to engage with children, staff and parents, we will ensure that we have permission to contact them through this way detailing how it is used, for example if recorded, as required.

We will also ensure that we set up a secure log-in using a standard username and password or SAML single sign-on, with secured schedule meetings, that require a password.
